*Respect, Responsibility, Success*

### School Behaviour Education Policy

In a democratic society, the teaching of appropriate citizenship skills needs to involve all members of that community. Munno Para Primary School provides a social context in which students need to be supported while being taught how to accept responsibility for their own behaviour.

Munno Para Primary School, the school community, services and agencies will work together to create a learning environment that is:

- safe
- inclusive
- conducive to learning
- free from harassment and bullying.

#### **Whole School Approach**

Munno Para Primary School has a whole school approach to school discipline, this provides continuity and clarity for all students in all classrooms.

We have three rules which are the same in all classrooms and with all teachers:

1. We follow instructions.
2. We do our best.
3. We respect people, property and environment.

We have a range of incentives for positive behaviour and clear consequences for negative behaviours

<i><b>When we make positive choices we achieve positive consequences</b></i>	<i><b>When we make negative choices we may receive negative consequences</b></i>
