Principal's Message

Dear MPPS Community,

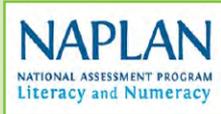

It is hard to believe we have passed the half way point of the term already. And, with a long weekend, Pupil Free Day, NAPLAN, Water Safety, Aquatics, Easter and Sports Day coming up in the second half, it will be school holidays again before we know it.

There is much great learning already occurring inside the classes and it has been my pleasure to be able to visit classes to talk to students about what they are learning and their next steps to achieve their learning goals. Staff are currently working hard to help students develop the skills to be able to engage in rigorous conversations about their learning with peers and adults.

NAPLAN

What is NAPLAN?

The National Assessment Program – Literacy and Numeracy (NAPLAN) is a literacy and numeracy assessment that students in Years 3, 5, 7 and 9 sit each year. It is the only national assessment all Australian students have the opportunity to undertake.

As students progress through their school years, it is important to check how well they are learning the essential skills of reading, writing and numeracy.

How can you support your child?

Students are not expected to study for NAPLAN. You can support your child by reassuring them that NAPLAN is a part of their school program and reminding them to simply do their best. Some explanation of NAPLAN is useful to help students understand and be comfortable with the format of the tests; however, it is not necessary for parents/carers to do this. Teachers will ensure students are familiar with the types of questions in the tests and will provide appropriate support and guidance.

Testing

Testing for this year's NAPLAN commences next week from Wednesday 13 March. NAPLAN coordinators and test administrators have been busy in the background completing training and developing resources for the successful implementation of NAPLAN. Good luck to all our NAPLAN participants this year, we are confident your years of schooling will have prepared you well for this challenge.

2025 Enrolments

We are now accepting 2025 Reception expressions of interest. Please collect the necessary documentation from the front office and return once it is completed.

Community Breakfast

On Friday 16th February we hosted our community breakfast/acquaintance morning. It was a really fun event and enabled our families, staff and students to strengthen their existing relationships and foster a strong sense of community. Thank you to the amazing volunteers that offered their time, the pancakes were absolutely delicious!

It was also great to see families visiting classes after the breakfast so they could chat with teachers and familiarise themselves with the classroom environment.

Student support plans

Some families may be being contacted to work with teachers to develop student support plans. These are designed to help students form goals and strategies to support them to successfully engage in the classroom environment. Some of their strategies may include using fidgets, flexible seating, break cards and breathing techniques (just to name a few). These plans are co-created with the staff, families and the students to ensure there is a common language and consistent approach to the needs of the child.

Water Safety R-5

Swimming for R-5 students will be held at the **Starplex Swimming Centre**. This starts on Tuesday 2 April to Friday 5 April. During this week students will travel by bus to and from the centre. Water Safety is a Department for Education requirement and part of the Health and PE curriculum. A note with key information about swimming including costs will be sent to families soon.

Sports Day

School finishes on Friday 12th April and we will be finishing off with our Sports Day. The day will be a whirl of colour, fun and laughter. Please be advised that as always on the last day of term, school finishes at **2.00pm**.

Best regards,

Andrew Castenetto, Principal

School Captains and Sports Captains

In 2024 we conducted applications and follow up interviews for students wishing to be School/Sports Captains. All students did a great job of following the processes and attending the interviews.

We were able to select four **2024 School Captains**:

Amelia Szulc

Heidi Linke

Toby Bradley

Emily Buck

They will be involved in lots of school events including welcoming new families, assemblies, organising lunchtime activities and leadership training days.

Our **2024 Sports Captains** are:

Koonaka - Charlotte Frost (second captain announced shortly)

Banarar - Taiya-Rose Smith and Alana McCreight

Waraba - Amelia Hyde-Davis and Hunter King

Euroka - Monique Ashwell and Jibreel Saheed

Sports Captains will play a big role on Sports Day, but also throughout the year working in the sports shed, helping with SAPSASA and many other sports related tasks around the school.

I am looking forward to working with all of our student leaders to develop their strengths and help them have a voice and an impact on our school.

Well done to all!

Congratulations

Tackling Indigenous Smoking

On Monday 26th February the Tackling Indigenous Smoking team came out to speak to our Years 3 – 6 Aboriginal and Torres Strait Islander students. They brought along with them some interesting (and yucky!) items that showed what smoking and vaping can do to your body. They also presented the students with some really interesting information about the current smoking and vaping laws and recent changes to these. They were then all lucky enough to leave with a pencil case filled with goodies!
